Evaluated adult ed session held on January 25th. Exercise was well received by participants, evidenced by their desire to continue the mission statement discussion the following Sunday. Good ideas were generated for possible mission statements. Summary of statements is attached.

Discussed idea of sending postcard to members to communicate adult ed forum on February 1st which would be continued discussion of mission statement. Adult ed on February 8th will be a representative from Word Alone. Consensus was to proceed with the mailing.

Planned for the second session of mission statement discussion.

Tentatively planned to meet with the call committee on February 10th to brief them on our team activities/tasks and findings.
